Gold / XAUUSD

MINIMUM

USD 150 stated entry

TRADING

Monday to Thursday

FEE

30% of eligible profits

EXECUTION

Automated; selective entries

RISK CONTROLS

Follower-adjustable stop-loss

ACCOUNT ACCESS

New subscribers open an account through the 335 Gold Alpha referral link; existing eligible account holders use the direct strategy subscription link on 335goldalpha.com.

KEY RISKS

The master algorithm may hold losing trades without a fixed stop and may add exposure after recovery signals. Stop-loss settings may not cap losses in volatile markets. Leveraged gold trading carries substantial risk.
